There are many paths to contemplation. I show you just one of them. I'm conscious of the fact that God leads many people to contemplation without any external help. Frequently he uses natural circumstances. A simple life of love, some years on a sickbed, a brush with death, the leaving of one's homeland in order to live among the poor, and other events can lead to contemplation. I also deeply respect the non-Christian ways of contemplation. And there are in the Catholic Church itself many other introductions into contemplation. I do not want to exalt my way above others. On the contrary, I am very happy that they exist and I appreciate them. I myself have walked the way I describe: should it help someone else to find his or her way I am satisfied.
